#### SAW Representative, California

Emil Welden 949-458-3916  
mrbug667@yahoo.com

Thanks to Barb Schmit for running last month's meeting while I was out of town. It is really great to be a part of an organization that has so many talented and willing members who do what it takes to get the job done.

The SAW EXPO 2010 process is continuing and we have visited three venues. We will be sure to update you on the progress throughout the year.

With all of the recent news about flooding in North Dakota, I know that many of you have been thinking about our former member, Bob Buchanan, who moved to South Dakota and started the Rapid City Woodworkers Association. I called Bob this week to make sure he and his family were OK and he told me that he is about 500 miles south of the Flood area and so is not affected by it. Bob mentioned that they were having a "Spring Blizzard" and that he just got home before they closed the Interstate due to white out conditions. He had to shovel the snow out of his driveway before he could get into the garage but he said it was not too bad because it was only 25 degrees. Burrrrrrr!

If you are interested in helping out in the scroll saw booth at the Design in Wood show, be sure to talk to Pat and or Ron to sign up. I understand you will receive free parking and 2 passes to the fair.

Here are some extra chances to win at the San Diego Fair. Additional awards include Themes- MUSIC MANIA for 2009, Cats, Kittens and Turtles Fretwork special. This \$350 award is special for this year's event.

San Diego Fine Woodworkers Association Members beginners who have not won an award before.

Did you know that you can find out what the Judge thought of your piece and why he judged it the way he did? All you have to do is take your entry number to the desk and ask for the judge's comments. This process is all done using numbers so the Judge does not know who you are. This is a way of receiving valuable feedback on your projects. Be sure to take advantage of it.

## March Speaker

A big thank you goes to Larry Olson for his informative presentation on Intarsia techniques and tips at last month's meeting. DVD's of Larry's talk will be available at the next meeting.

## April Speaker

Using the right adhesive on your projects can make all the difference in how the final product turns out. This month, our guest speaker is Brian Yezarski from Titebond. We have it on good authority that this *sticky* subject will be addressed by Brian and that it will not be a *tacky* presentation. He promises to have us all *stuck* to our seats by the end of his presentation. This is one you will not want to miss.

## March Show & Tell

## Mentors Corner

Last meeting some new members and guests requested we bring some scroll saws so they can discuss and maybe do a hands on to help in selecting saws. So far, we know that an Excalibur and a Hegner will be there. You are requested to bring what you can. The Mentors corner begins at 6:00p.m for an hour before our regular meeting at 7:00p.m.

## Help Wanted

Your editor is approaching burnout preparing Newsletters. Over 60 to date. Need someone to take over. Doesn't pay much but it is an opportunity to help our club and this old man.

## From the Toy Chair

This toy workshop was held on March 21st at Mike Johnson's shop in Huntington Beach. Focus was on sanding toy cars in preparation for painting at the April Meeting which will be held at Carson Davis's place.

We are currently well on our way to 2500 toys by November. We do not have an accurate count but roughly we have about 600 cars in various stages of completion, about 30 basketball games, many helicopters and airplanes, 35 tanks (completed), 50 puzzles (completed) and 75 jewelry boxes in process.

## Upcoming Events

Ontario Woodworking Show: May 1-3. Signup sheet will be passed around.  
Tustin Chili Cook-off: Sunday, June 7th. Signup sheet will be passed around,  
OC Fair will be July 10th through the 1st week of August.  
SD Fair: Talk to Pat Kowalke about this one.

Ed Straub is the contact for the OC Fair.

Ed reports that the fair is going to run for 4 weeks and will be closed Mondays and Tuesdays. Building 15 will house the woodworking again this year. They are trying to move the floral display to another building. There may be 4 booths instead of the 3 we had last year. They want the booths manned from 10:00a.m to 11:00p.m. There is information on the OC Fair Website ([www.ocfair.com](http://www.ocfair.com)). More information to follow.

## Mag Lamps

OCSSA has some more lamps for sale. 85.00 to members, retail is 165.00. See Larry Olson

**200 S. "C" St.**  
**Tustin.**  
**6:00p.m to 7:00p.m**  
**Mentors Hour**  
**7:00p. to 9:00p.**  
**Regular Meeting**

The Orange County Scroll Saw Association meets every second Thursday of the month. Our purpose is to promote, teach and share in the fun and fellowship of scroll sawing. Our club is open to all who have an interest in scroll sawing and at all skill levels from beginner to expert.

14011 Utt Dr.  
 Tustin, CA 92780
